JOHN ZAMBO

NetSuite Developer

ABOUT ME

Before adding NetSuite to his repertoire, John worked in Financial Planning as an Operations Analyst, designing and implementing business processes and systems to improve productivity, efficiency, and profit. John has used his critical thinking and orientation to detail to become proficient in SuiteScript, Workflows, Advanced PDFs, Custom Records, Custom Dashboards, as well as other NetSuite customizations. He is the Project Manager for the team, ensuring tasks are completed with the highest quality and on time.
